K. I. T. LEAGUE

Pres. Irvin Thompson Returns From Tour of Cities.

Says All Are In And The League May Have Eight Clubs—A Schedule Ready.

FINAL MEETING MONDAY

Dr. Irvin Thompson, president of the K. I. T. league, is in the city, having returned from Henderson last night.

"The league is assured and prospects for a full baseball season for the K. I. T. league never looked brighter," Dr. Thompson declared to a reporter this afternoon. "Every city has the money ready to enter and will be represented at the meeting we will hold at Hopkinsville on the 27th. The for fee of \$200 is held ready by each manager and will be placed in the treasury on that date to insure good faith in sticking through the league."

"We will probably have an eight club league this season and if Peoria, Ill., wants to come in, I for one will vote to admit her. It is true it is just a little out of the Vincennes circuit, but so is Jackson and it will be a paying matter if we take Peoria in. We can play two series of games in Peoria at a trip and save transportation."

Dr. Thompson stated that he had examined minutely into the resources of each city management and that Henderson has the money ready and the contract for the new grand stand and bleachers has been let; at Hopkinsville five of the best business men would back and manage the team and that Cairo, although money had not been made up, could get it at once.

"As to the appointment of a schedule committee," Dr. Thompson explained, "I will say that a schedule will probably be submitted to the members of the league at Sunday's meeting, and each member will be given a copy to look over. If this proves satisfactory we will adopt that schedule. This meeting Sunday will be the last as every thing will be completed and all preliminaries arranged then."

All cities are signing players but Paducah is the only town having her team ready for playing. Manager Jackson stated this morning that on the 28th he would send his men tickets and order them to report here on the 1st. They will all be here by the 5th except Brady who will wait until the 10th on account of a position he holds in a hotel, being unable to get off sooner.

PRAYER SERVICES.

The Women's Missionary society of the First Baptist church will have a series of prayer services at this church Thursday and Friday afternoon on account of the Home Mission Board. The Thursday afternoon service will be led by Mrs. J. R. Puryear and Friday afternoon by Mrs. A. G. Coleman.

ACCEPTS NEW POSITION.

Mr. J. F. Covington, until recently with the J. J. Read Coal company, has accepted a position with the Hammond Packing company, and is now at work with that concern looking after the city trade.

FOURTEEN KILLED IN BOMBARDMENT AT PORT ARTHUR

The Japanese Ships Shelled the Town in Two Sections.

Little Damage to The Town—Bombardment Lasted Only About an Hour.

HARBOR AGAIN REPORTED "BOTTLED UP"

Yen Kow, China, March 23.—An official report has reached here that 18 Japanese warships in two sections bombarded Port Arthur yesterday for an hour. They took their stand beyond the reach of the forts and threw shells over the forts into the town. Fourteen persons were killed and wounded, but the damage to the town is insignificant.

The Japanese torpedo boats appeared off Port Arthur at midnight of the night of March 21-22 and the shore batteries and gunships shelled them for twenty minutes. An official dispatch says:

"The Japanese retreated but reappeared four hours later, when they met with the same reception, when they retired again."

"At 6 a. m. a Japanese squadron of two divisions, composed of four and eleven ships, and accompanied by eight torpedo boats, appeared, and the Russian squadron sailed out from the outer roads to meet them."

"At 9 a. m. the Japanese battleships, having fired several shots at the limpetishin and sheltered behind the promontory, commenced a bombardment of Port Arthur."

BATTLESHIP REPORTED DESTROYED.

London, March 23.—A Tokio dispatch says that a report has been received here from Moji, on the coast, that a Russian battleship was destroyed in the attack upon Port Arthur by the Japanese fleet March 18, when the city was bombarded. It is added that the naval authorities have not been advised of the reported engagement.

ENGINEERS KILLED.

Port Arthur, March 23.—Two engineers were killed by an explosion while repairing the battleship Petvislan, injured by Japanese torpedoes Feb. 9.

INSPECTION MADE

KNIGHTS TEMPLAR FOUND TO BE IN EXCELLENT SHAPE IN PADUCAH.

Mr. James Kelley, of Owensboro, Ky., arrived last evening and last night made an inspection of local Knights Templar commandery. He is one of the grand officers of the state grand commandery, and was high in his praise of the condition of Paducah Templars.

The W. O. T. U. will have an important meeting Thursday afternoon at 8:30 o'clock, at the residence of Mrs. J. R. Puryear, 806 Broadway.

STIRRING AROUND

Fire Committee Has Power to Put in New Station Now.

Storm Sewers on Broadway to be Built in a Short Time.

STATION NOT TO MOVE.

The joint committee of the general council was last night at the called meeting of the councilmanic board instructed to prepare at once for fire station, the property just bought by the city at Tenth and Clay streets. It was given power to act, which means that it is expected to at once look to the remodeling of the building and making it into a suitable fire station. The committee will hold a meeting this afternoon and will probably in a day or two have the work under way, and Paducah's third fire station will then soon be a reality.

It is evident that the effort to move Central Fire Station from Fourth street around near the city hall will not succeed without some opposition. It was moved last night at the council meeting to have the mayor advertise for bids for the property, and if a suitable price were offered, to sell it, and change the location of the department, but the council voted it down, hence no steps at all have been taken yet to move the department.

Chairman Hannan last night brought up the matter of placing in the storm water sewerage on Broadway from Fifth street out, so it will be finished and the street settled, by the time the street paving begins. The paving is a part of the work under Mr. E. C. Terrell's contract, and the storm water matter was referred to the city engineer, who will doubtless have it done at once.

President Hannan also last night brought up the matter of having sanitary officers this year, and was informed that an ordinance providing for it would be prepared at once.

The general opinion is that the city will have three fire stations within the next few weeks, if not sooner. The people are taking a great deal of interest in the matter and evidently preparations cannot be made too rapidly to suit them.

The fire committee will immediately put in a storage battery at Central fire station, and a representative from an electrical supply house is in the city today looking over the station and taking measurements.

The battery will be immediately purchased and every improvement possible to make with the limited supply of money will be used to increase the fire fighting facilities of the city, so stated a member of the fire committee today.

Mr. Lloyd Grimes, traveling engineer of the Tennessee division of the I. O., is in the city.

REMNANTS CAUGHT

Manila, March 23.—Macario Sakay, president of the Filipino republic, with 15 followers, has been killed.

The remainder of the band was captured in an engagement with Captain Dewitt's constabulary and Lieutenant Pinney's scouts. The Americans suffered no casualties.

HIS FALL DUE TO INGRATITUDE.

New York, March 23.—Friends of Daniel J. Sully declare that the threatened "cotton king" was ruined by the multi-millionaires associated with him in a cotton pool.

They shared the profits, but when the market turned they refused to stand the losses and sold him out.

Sully says he does not own the clothes he wears.

STORM DAMAGE IN TEXAS.

Fort Worth, Tex., March 23.—A big storm played havoc in Texas last night and many buildings were wrecked. No lives are reported lost.

SUSPECT JAILED

Frank Brown a Tramp Arrested on Suspicion.

Had Entered Many Houses to Beg When Taken Into Custody.

Frank Brown is the name of a tramp arrested this morning by Patrol Driver John Austin after he had lead the officer a merry chase over several blocks, and in his arrest the police think they have a man wanted by other authorities.

Brown was seen to leave the kitchen of Mr. Henry E. Thompson, on South Sixth street and later was sighted again emerging from the rear of Mr. Henry Potter's house. Later the tramp was seen at Mrs. Riecke's house near Sixth and Kentucky avenue streets. He visited Captain J. H. Fowler's house and also several others in that vicinity and then took to the North Side of the city. All this time Officer Austin was after him, but each time he caught sight of the fugitive, the latter managed to elude him. Finally at Dr. Foster's residence on Jefferson street Brown was caught as he sat sipping a cup of coffee.

He had entered most of the residences unannounced and although nothing has been missed it is believed he is a "bad egg." The officers have warranted him for vagrancy and will hold him pending an investigation.

MR. H. U. WALLACE.

WAS IN PADUCAH A SHORT TIME TODAY EN ROUTE EAST.

Roadmaster F. L. Thomason, of the Louisville division of the road, was in the city today. He met Mr. H. U. Wallace, chief engineer of the road, who came up from the south on the noon train. Mr. Wallace and Mr. Thompson went on through, the former to Evansville and latter to Louisville.

LOCOMOTIVE EXPLODES.

Buffalo, N. Y., March 23.—A Lehigh valley railroad locomotive exploded near here today killing two men.

MUST GO TO SCHOOL

Copy of the New Compulsory Education Bill Received.

Requires Children Between Seven and Fourteen to Go to School—Effective Next Year.

PADUCAH LITTLE AFFECTED

Supt. C. M. Lieb, of the local public schools, this morning received a copy of the compulsory educational bill passed by the last legislature, in which it makes it imperative for children between the years of 7 and 14 years to attend school in the state of Kentucky for one full term each year.

"I consider this one of the best acts the legislature could have passed," Supt. Lieb stated this morning after he had perused the bill. "Now this law will go into effect next year, no emergency clause having been inserted which would have made it effective at once, and as far as I have investigated think it will affect Paducah but little."

"There are a number of school children enumerated in the census who are older than 14 years and if course this bill will not affect them. Summing up the entire lot of school children who are between the years of 7 and 14 and who are not attending school, I estimate the number not to exceed 200. So you see Paducah will be little affected."

In addition to the regulations of the school children, the bill provides that the board of education shall appoint one transient officer for each 3,000 children, the officer to receive not less than \$1 or more than \$2.50 per day. The offense of ignoring this bill is punishable by a fine of not less than \$5 or more than \$20 for the first time and for the second and subsequent offenses not more than \$50 or less than \$10. The parent or guardian is fined, the child meeting with no prosecution other than being made to attend school.

In regard to the report that the Board of Education would abolish the office of superintendent of buildings now that Mr. Fred Hoyer has resigned, nothing is definitely known. Supt. Lieb and others think that the position is a very important one, and not only insures that all the buildings remain in good condition, but saves the schools money that would otherwise in the course of a year have to be spent for repairs.

HAMBURG UPRISING

Was Quickly Quelled by the Plucky Japanese.

Two Killed, Twenty Wounded and Thirty-six Prisoners Were Captured.

WAS INSTIGATED BY RUSSIANS

London, March 23.—A Tokio dispatch to the Times says that the Bank Koreans, having risen in arms at Hamburg, were attacked by a detachment of Japanese troops from Wonsan, who killed two and wounded 20.

They captured 36 prisoners, including the ringleaders, who alleged that the uprising was instigated by the Russians.

DOCTORS MEET TONIGHT.

The McCracken County Medical society will meet tonight in the office of Dr. B. B. Griffith, in the Murrell building on Broadway, between Fifth and Sixth.

TO GIVE BIG SHOOT

Paducah Gun Club Will Enter-
tain a Championship Squad

Mr. Frank Butler Here Today to Ar-
range—Is Husband of Annie Ok-
ley, Lady Champion.

SEVERAL CELEBRITIES COMING

Mr. Frank Butler, representing the
U. M. C. Co., is in the city the guest
of the local gun club, and is here to
prepare for the visit of the U. M. C.
Southern squad of marksmen, which
will visit Paducah on Monday, March
28th and give the biggest exhibition
shoot ever enjoyed in Paducah.

The champion team is composed of
Thomas A. Marshall, Rollo O. Heikes,
C. W. Budd, W. H. Beer and Col.
Antony.

Thomas A. Marshall, captain, is the
only man who ever won the grand
American handicap twice, the largest
shooting event in the world. He was
also captain of all American team
which visited Europe in 1901, shoot-
ing match races with picked teams
of the various countries and winning
every race in which they contested.
Mr. R. O. Heikes is holder of the
world's record at long distance target
shooting, scoring 97 out of a hundred
of 22 yards rise, and O. W. Budd is
one of the very few men who have ever
scored 100 live birds straight.

These two men were members of
the famous all-American team. The
two remaining members of the five
man team are W. H. Beer, champion
of the entire southwest at target shoot-
ing and Col. Antony, of Charlotte, N.
C., a well known southern gentleman
and sportsman whose name is synon-
ymous with all that stands for true
sportsmanship. The colonel is well
known throughout the south as the
winner of many hotly contested cham-
pionships. Though the colonel was a
four year contestant in one race that
he lost, that was through no fault of
his own that was one lasting from
1861 to 1865.

Mr. Butler is the husband of Annie
Oakley the celebrated lady shot who
was for four years the leading feature
of Buffalo Bill's wild west shows, and
has given exhibitions throughout the
civilized world.

The local sportsmen have taken
great interest in the coming of this
team, which, in shooting at Palestine
Texas, a short time since, broke the
world's record by scoring 488 out of
500 targets. Mr. Butler is accompa-
nied by M. F. Sharp of Buffalo N. Y.
and Mr. E. D. Fulford of Utica N. Y.
one of the four men who has killed
100 straight birds will, also be here
on the 28th to engage in the exhibi-
tion shoots. Mr. Fulford was once
winner of the Grand American Hand-
icap.

Mr. O. W. Phellis an expert mark-
smen from Utica N. Y. representing
the Dupont Powder Co. is in the city
today on business. Mr. Phellis will
probably be unable to be here on the
date of the big shoot.

The Paducah Gun Club has extend-
ed invitations to all ladies especially
invited. No admission is charged and
the exhibition will be one not often
seen and well worth attending.

The local gun club will give its live
bird shot of the season at the park to-
morrow afternoon the date of meeting
having been changed from Friday to
Thursday afternoons.

UNIFORM SCALE

Is Desired by Blacksmiths on
the I. C.

Delegates From Every Shop Will Meet
in Chicago Monday
Morning.

NO INCREASE ANTICIPATED.

Mr. Guy Randall, the well known
local blacksmith, and Mr. Leonard
Black, of the blacksmith helpers, will
leave Saturday night for Chicago to
attend a big council meeting of black-
smiths delegates who will meet there
Monday, the 28th, to attempt to gen-
eralize the scale of wages paid I. C.
blacksmiths and helpers. This move
had been talked of some time but un-
til lately nothing was done. The
officers of the unions finally decided
to take action before the summer
months come and called the meeting
in Chicago on the 28th.

One or more delegates from each
blacksmiths union of railroad employ-
ees, will be in attendance and the mat-
ter of regulating the scale of wages
will be decided by vote. Each dele-
gate is expected to vote according to
instructions.

"Machinists are paid about the
same wages throughout the country,"
a blacksmith stated this morning.
"But blacksmiths do not receive a gen-
eral wage. The blacksmiths at Vicks-
burg receive more than we do here
and we receive more than some other
railroad blacksmiths, and what we
desire is a uniform scale. We want
the blacksmiths to get the same the
system over, and to this end the dele-
gates sent to the Chicago meeting
will work."

The scale will be decided on Mon-
day and when the time for demands
come around, a committee will wait
on the higher officials and make the
demand in the name of the black-
smiths as a whole. The increase to
be asked this year, if the council de-
cided on a wage that will mean an in-
crease, will not be great. It is thought
that the scale decided on will equal-
ize, and possibly not cost the road any
more, if as much.

AGAIN DEFERRED

NO DEFINITE ACTION TAKEN
IN REGARD TO TRADES'
COUNCIL.

Last night the Brotherhood of Rail-
way Carmen met and initiated several
members.

A member of the machinists union
waited on the carmen as a committee
of one, the other members of the com-
mittee sent to the carmen to organize
the trades council, having to work
through the night. A short talk was
made by the machinist but definite ac-
tion towards organizing the council
was postponed until the entire com-
mittee can come in a body and discuss
the matter.

owners of the Chopson Ten Cent Store

Fulton, Ky., March 23.—Miss Liz-
zie Thomas, a well known young lady
of near Fulton, died near here from
lung trouble following measles.

SIGNS OF BAD BLOOD

WATCH THE SKIN FOR SIGNS OF BAD BLOOD.

Boils and pimples, sores, ulcers and pustular or dry scaly skin eruptions, are signs of
bad blood. When the bodily organs that nature has designed for the cleansing and purifi-
cation of the system break down or become torpid and inactive, the blood takes up the im-
purities and casts them out through the pores of the skin, and a carbuncle or boil, sore or
itching eruption of some kind is the result. The warm days of spring arouse the sluggish
blood, the skin reacts, and the humors and poisons that have been collecting in the system
all winter are suddenly thrown off by the blood and the pores are clogged and inflamed by
the acid matter passing off, and the skin has
a dry or oily appearance, and red, disfigur-
ing blotches, pimples, blackheads, and all
manner of tormenting, stinging and itching
eruptions break through and continue until
the riotous, feverish blood has been restored
to its normal state.

At this season the system should have a
thorough cleansing, the blood purified and
all the bodily organs toned up and strength-
ened, or you may look out for a return of
your old skin trouble later on, for as long as
a remnant of the disease remains in the
blood it is liable to come back. The use of
lotions, powders, soaps and salves in diseases
of the skin do but little good, for the blood
and not the skin is the real seat of the trouble.
It is internal, not external. The humor or
poison in the blood is the cause of the erup-
tion, and a blood purifier and not lotions or
salves is required in the treatment of these
skin diseases. Face powders and cosmetics
of various kinds cover up for the time being
the ugly blemishes, blackheads and pimples
and glaze over the rough red skin, but the
impurities in the blood will continue to break
out until the evil is corrected at its fountain
head. Purify the blood and the skin will
take care of itself. Potash, Arsenic and strong mineral compounds so often used in skin dis-
eases frequently do more harm than good. They may dry up the eruption, but the effect upon
the stomach and general system is far from good. A better and safer remedy for diseases of
this character and an antidote for the humors and poisons
that produce the different skin eruptions is found in S. S. S.,
a purely vegetable medicine containing no mineral or dan-
gerous drug of any description. S. S. S. is not only a blood
purifier and system builder, but a tonic and appetizer
without a superior. It not only eradicates the impurities
and humors that may be lingering in the blood, but the
general health improves under its tonic effect, and nothing excels it in cases of general debil-
ity, weakness, loss of appetite, and other complaints common to spring and summer months.

Write us if troubled with sores, boils or eruptions of any description, and we will have
our physician advise you without charge. Book on the skin and its diseases mailed free.

THE ONLY CURE

136 East Fifth Street, New York City, N. Y., June 1, 1903.
I believe that if we all knew the laws of health we would all be well and if sick women only knew
the true value of Wine of Cardui they would be saved much suffering and would soon be cured. I have
very strong faith in it. I used it for five months for a local difficulty which had troubled me for years
and had spent hundreds of dollars in the endeavor to get well. My life forces were being sapped and
I was daily losing my vitality with that bearing down
feeling which thousands of women know all about. Your
medicine cured me. I am enjoying the very best of health
now and am only too pleased to endorse your great remedy.

PADUCAH FAMOUS

Yew York Paper Pays Miss Bagby Compliment.

She Tells a Reporter of Her Difficuly in Getting Rid of Her Dialect.

GREAT CAREER PREDICTED.

Miss Aline Bagby, of Paducah, who won high honors in New York last week, by capturing the Belasco medal, has accepted a fine position with "The Cardinal" Company, in Buffalo, N. Y., and leaves at once on an eight weeks tour of the northwest and the Pacific coast. This will be Miss Bagby's first appearance professionally, and her friends expect her to make a great success.

Later on she will accept a position in a Rochester, N. Y. stock company.

The New York Telegraph, copies of which have just been received here, gave Miss Bagby quite an extensive write up, and also called the attention of the world to Paducah in the following manner, which bears the distinctive earmarks of Col. Frank B. Dailan's pleasant style:

Some day Aline Bagby will make Paducah, Ky., famous. Or, if that sizzling center has already attained such distinction, Miss Bagby will add to its glory.

There is the faint possibility that you do not know Miss Bagby. In that event you are advised to note the small hills, for one of these days the world will be invited to view

ALINE BAGBY IN CAMILLE.

She has a gold medal now.

Two years ago she came to this city from Paducah and entered the American Academy of Dramatic Arts, because the world needs great actresses, and a little advertising wouldn't do Paducah any particular harm.

And now she is a graduate from Mr. Sargent's incubator, with a glistening gold medal to tell her how good she is.

Miss Bagby had just returned from the telegraph office, whence she had sent messages announcing her capture of the medal, when accosted yesterday morning by a representative of The Morning Telegraph, commissioned to ascertain what sort of a dramatic upheaval she was planning for the future.

"In the time to come, which will you believe," she was asked, "the sarcastic remarks the critics may make about you, or your medal."

"Naturally, I have great confidence in my medal," replied Miss Bagby. "But it doesn't signify that I am talented. No one was more surprised than myself when I was awarded the medal. I can think of several members of the class as much entitled to it as I."

WILL SHE BE AS MODEST THEN Will Miss Bagby be equally modest ten years from now? Assume that one morning Miss Bagby reads this criticism: "Aline Bagby is beyond question America's foremost actress?" Will she believe it? Rather!

In appearance Miss Bagby may be described as a limited edition of Leslie Carter. Her hair, as the minstrel men used to say, is nearer Schenectady than Auburn, but her facial expressions and intonations are the same as Mrs. Carter's, and she looks emotional.

"Yes, I have often been told I resemble Mrs. Carter," said Miss Bagby in reply to a question. "Others have said I remind them of Annie Russell. She is one of my favorite actresses."

"I am not relying on anything but hard work for success. I have worked hard too. Last year I arose at 6:30 each morning and studied until midnight. And I have improved, I know. I think hard work can accomplish anything."

PHOTOGRAPH ON THE MANTEL.

Miss Bagby's eyes glanced towards the mantelpiece on which rested a photograph of a Witmark—presumably Julius, but all Witmarks look more or less alike. Strange how one encounters a Witmark at every turn.

"Friend of yours?" Miss Bagby was asked.

"No," she said, "it was here when

Women, Suffer No Longer.

Zoa Phora Will Secure to You the Blessings of Perfect Health—Trial Bottle Free to All.

MRS. ELLA M. SNYDER, Canton, Ohio.

Mrs. Ella M. Snyder, Canton, Ohio, says: "About 20 months ago I gave birth to a little baby girl; during pregnancy I suffered greatly with bearing-down pains and had a miserable feeling all the time; I was weak and could not gain strength, and in three months was almost down with nervous prostration, falling of the womb, swollen and diseased ovaries, pain in back and sides, and dizziness. I doctored with several doctors, and for five months I was confined to my bed; I could not walk. One day my husband saw your advertisement and sent at once for a sample bottle. I used the sample and also got a large bottle, and continued using it until now I feel entirely well. Can walk all day and if I feel tired at night I take one dose of Zoa Phora to keep me from getting run down. Many thanks for what you have done for me, and may God add this blessing."

Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book. "Dr. Peggoly's Advice to Women." The doctor will gladly give free special advice when needed. Zoa Phora is for sale at \$1.00 a bottle by all druggists.

I came. An actor, I think."

"Who do you think is the greatest actress in America?"

"Mary Shaw," she replied promptly.

"She is the greatest I have seen."

"What do you think of Duse, Bernhardt?"

"Oh, I think them great," she answered, "but I was too overwhelmed with their reputation of greatness to think otherwise. I cannot judge accurately. My opinion was formed in advance."

"This season I have played ten roles. My best I think, was Kitty Ives in 'The Wife.' I shall strive to portray engaging roles for the next few years, but will be guided by circumstances."

NEVER WAS STAGE STRUCK.

"My father is an attorney in Paducah. He is a profound Shakespearean student, and through him I became interested in the drama. I never was stage struck nor a matinee girl. I appeared several times in amateur performances, and finally persuaded my father to let me enter Mr. Sargent's school. My greatest handicap at first was my Paducah accent. That accent gave my instructors many trials."

"I know all about the hardships ahead of me, and am prepared to meet them. I shall accept any part that comes along, and haven't any doubt of my ability to succeed."

She glanced fondly at the medal.

"And when you are starring at the head of your company, will you still remember Paducah?" she was asked.

"Any one who has ever lived in Paducah can never forget it," she replied.

LABOR SCARCE

MORE OF IT IS WANTED IN THE PHILIPPINES.

Victorin, B. O., March 23.—Wm. Swartout, editor of the Manila Times, president of the Merchants' Publishing company, was a passenger on the steamer Shawmut, arriving here, bound for Washington, to lay the grievances of the white residents before congress.

He says the great question there now is the scarcity of labor, the Philippines declining to work at any price. Mr. Macculloch, head of the biggest printing and publishing firms in the islands, also was on his way to San Francisco, seeking labor. He says his business has been practically suspended, owing to the impossibility of obtaining labor at reasonable rates.

BURGLARIES IN FULTON.

Fulton, Ky., March 23.—There has been almost an epidemic of burglaries here during the past several days. The latest were at the Honora Brothers store, on Lake street, where \$125 worth of goods was stolen. The residence of Moses Honora, the home of Tom Bonwen, and the home of Mrs. Belle John articles of value, but not a great deal of value, were taken.

A NEW SLATE

Political Gossip From the Enquirer About Kentucky.

Mr. Yerkes May Be State Central Committeeman At Large.

A BIG CONFERENCE REPORTED

The Cincinnati Enquirer says: "The conference of a number of leading Republicans State leaders at the residence of Richard P. Ernst in Covington, Saturday night did not end until long after midnight. Those present, with the exception of Collector Lieberth, remained all night at the Ernst home. Commissioner Yerkes remained with Mr. Ernst until noon when both gentlemen took dinner at the Woodford. Mr. Yerkes left shortly afterwards for Danville."

"Mr. Ernst was seen last night at his home, but refused to state what matters were discussed or what action was taken."

"A close personal friend of Mr. Ernst, who had been told of the conference, stated last night that it was called by the Yerkes wing of the party to try and reach some conclusion in the matter of bringing about an amicable arrangement with ex-Gov. Bradley, whereby he is to be one of the delegates at large to the Republican National Convention. Mr. Bradley, it seems, is anxious to be made the State Central Committeeman at Large from the state, an honor that Mr. Yerkes is also after. It is understood that Yerkes is to be given the place and that Mr. Ernst is to succeed O. M. Barnett, of Louisville, as chairman of the State Central Committee, and is to be one of the big four to Chicago in July."

"Former Gov. Bradley is feared by those who are in charge of the State party organization, as they know his ability to take care of his own interests in any sort of a political fight, and it is thought that an offer to name him as a delegate at large will result in his burying the political hatchet for the time being."

"The report that the conference also discussed the charges recently filed against Collector Lieberth and against Postmaster Meyers, of Newport, and his assistants, Hamilton and Shoemaker, is being vigorously denied by those friendly to the organization, while on the other hand those who were instrumental in having the charges brought persist that they were discussed at the Ernst meeting. In addition the anti-administrationists declare that there are still more charges to be filed against Lieberth, the nature of which they refuse to divulge. It is also claimed that charges are to be filed against several of Postmaster Reynolds' force of Covington, alleging pernicious activity in partisan politics."

"United States Marshal Sharp and Deputy Marshal Emmett Orr both denied last night that they had been given subpoenas to serve on persons who are wanted to testify in the investigation of the charges filed against the Kenton and Campbell county Federal officers."

"It was said yesterday by politicians well posted that the Willson-Bradley influence was quietly pushing the cases against Collector Lieberth, Postmaster Meyer and the others. The Willson-Bradley people do not forget the affinity that existed between the Campbell and Kenton county leaders and Morris Belknap, who secured the gubernatorial nomination against Willson last year. The visit of Messrs. Willson and Bradley to the White House a few days ago apparently has a deep significance at present. From the viewpoint of Campbell county politicians, a light to a finish is on between Bradley and Willson on the one side and Yerkes and Ernst on the other."

COL. SMITH'S FUNERAL.

Bowling Green, Ky., March 23.—The funeral of Col. T. J. Smith yesterday afternoon was the most largely attended of any ever conducted in Bowling Green. It was in charge of Lieut. Col. Jount Henry, of Hopkinsville. The Russellville Military Company, in command of Capt. Duke Bowden, arrived, and, with the Bowling Green company, acted as escort. All of the regimental officers were here.

Prevent Typhoid

Liquozone Makes It Avoidable—A 50c Bottle Free.

We have purchased for \$100,000 the American rights to Liquozone, because it prevents and cures germ diseases, and Typhoid is one. We thus control the only way to attack the dread disease.

The germs of typhoid generally get into the body through water. They locate in the bowels, and they breed there and multiply with inconceivable rapidity. They cause ulceration of the bowels, and that is typhoid. These germs can now be killed in the water before they get into the body. And they can be killed in the body easily, quickly and certainly. Typhoid is unnecessary.

How to Prevent.

Put two teaspoonfuls of Liquozone in each glass of drinking water. It will add a pleasant taste to the water, and it makes the water a tonic. But no touch of impurity, no germ of disease, can exist in the presence of Liquozone. There is no other way to make certain of killing the germs of typhoid.

We live in Chicago where the city water is often laden with typhoid. We put Liquozone in all the water served in our Laboratory, and we serve it on the tables of our homes. We have 400 employees, yet not a case of typhoid has developed among them.

You can prevent it just as well as we.

How to Cure.

Take Liquozone internally until the germs are killed. Take large doses and frequent doses, kill the germs quickly. There is no other way. Every drug

that kills germs is a poison, and it can not be taken internally in effective doses. Salol, so commonly given in typhoid, gets its effect from carbolic acid. Enough of that acid to kill the germs of typhoid would be enough to kill you. And so with mercury, which is also employed.

Every physician knows that he cannot kill internal germs with such poisons, for a dose that would stop a germ trouble is a dose that stops life.

We Paid \$100,000

for the American rights to Liquozone, because it does in germ diseases—like typhoid—what nothing else known can accomplish. It is the only germicide which is harmless to the human body.

Liquozone is the result of more than 20 years of scientific and chemical research. It is made by generating gases, made in large part from the best oxygen producers. These gases are confined under pressure and, by the employment of an immense apparatus and 14 days' time, are made part of the liquid product.

The result is a product which does what oxygen does. Like oxygen gas it gives to the body the most essential elements of life. It is a tonic with which no other known product can compare. And yet, like an excess of oxygen, it is so certain that we publish on every bottle an offer of \$100,000 for a disease germ that it cannot kill.

50c Bottle Free

We want to show you how to stop this epidemic of typhoid. There is no time

to argue, no time to convince you. Too many lives may be lost by delay. So we simply say this: We will buy the first bottle and give it to you—to every one who asks it. Send us the coupon and we will mail you an order on your druggist for a 50c bottle, and we will pay your druggist ourselves for it.

Use it to prevent Typhoid by purifying your water. Use it to cure Typhoid if you have it. Write us today for your own sake, for you cannot afford the risk you are taking without it.

This applies to physicians as well as to patients. Any physician who doesn't know what Liquozone does is welcome to enough for a test. We have a special book for physicians referring to typhoid. We employ a physician to advise other physicians regarding it. Let us prove that Liquozone does in typhoid what all medical skill cannot accomplish without it.

Liquozone costs 50c and \$1.

CUT OUT THIS COUPON

and mail it to the Liquid Ozone Co., 458-460 Wabash Ave., Chicago. I have never used Liquozone, but if you will furnish me a 50c bottle I will use it to prevent typhoid.

THE PRESS ON BANK SUITS.

The general opinion throughout the
state seems to be that the auditor's
agent who filed the three hundred
suits against the state banks made a
serious mistake, particularly as he did
it without the authority of the audi-
tor himself. The Henderson Gleaner
is very outspoken, but makes one
serious mistake. It says of Agent
Frank Lucas: "Lucas is the appointee
of a Republican administration." Agent
Lucas is not. He was appointed
by Auditor Coulter two years ago.

The Gleaner, however, goes on to
say:

"It would appear to be plain that
the action of Lucas and those back of
him was suggested by a selfish hope
of gain, and not by a desire to serve
the best interests of the State. The
pressing of the suits could have result-
ed in nothing but confusion and the
questions involved could have been
tested just as well and better in a
different way. But the idea of mak-
ing banks liable for taxes on their de-
posits strikes the average man as
something out of the question. The
money deposited in the banks does not
belong to them, but to the individ-
uals or firms placing it there, and it
would seem absurd to think that the
banks should be compelled to pay
taxes for these bank years or for any
year, as to that matter, on other peo-
ple's money on deposit with them. On
each bank filled out by the taxpayer
he is required to list the money he has
on deposit, and if he fails to do so,
the bank ought not to be held respon-
sible. The Gleaner believes in requir-
ing banks as well as all other taxpay-
ers to properly list their belongings
for taxation, but there can be no ques-
tion that the banks at present are
listed out of proportion to other tax-
payers. A bank is required to list its
capital and surplus at full value while
no other class of property is so listed,
as is well known. There is no escape
for the banks for the reason that their
capital and surplus are known to be
an exact sum, while in the case of
money or property in the hands of the
individual or corporation, it is diffi-
cult and the case where either is listed
at fair value is the exception and not
the rule. That this is true is well
known and the banks have good
grounds for complaint already that
they are not listed for taxation on the
same basis of other property. Theo-
retically every man is supposed to
list his property at its cash value, but

in practice from fifty to sixty per cent
will represent the value at which it
is actually assessed, while in the case
of the banks, every dollar is listed at
\$1. To harass them with defending
all these unnecessary suits, or to sub-
ject them to liability for money left
with them on deposit, would be an
unjust burden, and we again say that
we are glad the Auditor has disclaim-
ed responsibility for the acts of the
agent and that he will take steps to
dismiss the suits."

The Hargis-Redwine gerrymander
bill has been signed by the governor
and thus is created the new judicial
district, supposed to be a graft for the
Breathitt county Democratic feud
elique. There are perhaps few peo-
ple in the state who have kept up with
the progress of the measure and will
wonder that it has finally become a
law, but what they do wonder at, is
that such dyed-in-the-wool organs as
the Courier-Journal raises a kick about
it. The ploy of some of these papers
does not impress many people as be-
ing very genuine. No, it is not ploy.
It is only that the Courier-Journal
and the governor are at odds. Other-
wise the C.-J. would swallow it
down like most of the others have
done.

The election machinery in St. Lou-
is, manipulated by the Democrats, is
said by the Globe Democrat to work
thus: "The governor appoints the
police boards, the commissioners ap-
point the policemen, the policemen
elect the commissioners to be dele-
gates to the state convention, and, if
fraud be charged, the commissioners
pass upon the acts of their subordi-
nates and the governor offers a reward
of \$100 for each conviction. There
is no chance for a cog to slip anywhere
along the line."

The first thing Paducah's new
board of public works did after qual-
ifying, was to announce its opposition
to a West Jefferson street public im-
provement, one that is not only not
needed, but is also wanted. This is not
a very good indication. If the board
of public works is to oppose public im-
provements, the city would be better
without it. There must be some reason
for the opposition. It is to be
hoped it will be found.

The Hearst syndicate has invaded
Kentucky, and an interesting fight is
in prospect. Two of the Hearst lead-
ers have been to Louisville to lay
their plans for capturing the delega-
tion. As the governor is said to
have declared for Bryan and whoever
Bryan favors, the scrap will proba-
bly develop into one between the ad-
ministration and anti-administration
forces.

The United States Supreme Court
has decided again that people who
ride on passes cannot recover damages
from a railroad for injuries received.
The court holds that it makes no dif-
ference whether the holder knows the
contents of the contract on the pass
or not. It is not probable, however,
that the decision will tend to diminish
the popularity of passes.

Ordinances.

TODAY'S POLICE HAPPENINGS

Will Hall, colored, was arrested this
morning on a charge of stealing to-
bacco from the Dick Fowler. He is
alleged to have broken open a caddy,
and pleaded guilty, being given three
months on the streets at hard work.

A rather peculiar case is that
against Robert Craig, colored. He is
charged with obtaining money by
false pretenses by selling property sto-
len from Mattie Crouch some time
ago. Rosa Skelton, colored, was ar-
rested at Princeton, Ind., for the theft
and acquitted, after the case had been
on trial for several days. Craig is
her lover, and is now said to have
been the real thief. The case was
continued until tomorrow.

The case against Levi Calhoun,
charged with stealing a pistol from
the mate on the Dick Fowler, was
dismissed, he proving to be the wrong
man.

The case against Butler Fontaw,
malicious cutting; Frank Clark, ma-
licious cutting, and Ed Clark and
Frank Turner, breach of the peace,
were all continued until Monday.
These are the cases growing out of
trouble that occurred at the cordage
factory during the noon hour.

Clark Watson was fined \$10 and
costs for a breach of the peace.

Harry Stone, the negro who over a
year ago struck Mr. George Lehnard
in the head with a stone, pleaded
guilty to striking in sudden heat and
passion and was fined \$50 and costs.

Minor cases tried were: John Fle-
nor, drunk and disorderly, \$4; —
Wolke, drunk, \$1; Moses Hurt, drunk
and disorderly, \$1; — Mitchell, vi-
olating the Sabbath \$15.

COUNCIL MEETING.

A called meeting of the council-
manic board was held last evening for
the purpose of passing finally some
important ordinances.

The ordinance regulating the board
of public works was passed and also
the ordinances requiring gates at cer-
tain railway crossings. Minor mat-
ters were referred to the various com-
mittees.

BOARD ORGANIZED.

The board of public works has or-
ganized by electing Mr. E. P. Noble
president and Mr. S. A. Fowler sec-
retary. These are the only two officers
necessary at present.

ALDERMEN MEET.

The regular meeting of the board of

As long as you keep your blood in good condition you are all right,
and Peruna seems to fill the veins with pure, healthful blood. I
thoroughly endorse it."

MISS HELEN WHITMAN.

Have you got nerves? Well, you
ought to have nerves. But they ought
to be strong nerves, good nerves. Does
your hand tremble? You are living too
fast. Does your heart flutter at times?
You had better call a halt. Americans
live too fast. They crowd too much into
a single day. They have too little lea-
sure. The hospitals and insane asylums
are filling up. The quiet, pastoral scenes
of yore are becoming rare. It's time
that we quit this sort of business.

How to Get Strong Nerves.

First, repair the injury already done
to your nerves. The way to do this is to

do exactly as did Mattie B. Curtis, Sec-
retary of Legion of Loyal Women, Hotel
Salem, Boston, Mass. She said in a re-
cent letter: "I suffered for over a year
with general weakness and debility man-
ifested in severe headache and backache.
I took four bottles of Peruna, and for
two months have been entirely free
from these troubles."

Nervous Prostration.

Thousands of cases might be quoted
in which Peruna has been used to restore
people from the perdition of deranged
nerves, and put them on the good, solid
foundation of health. The County Audi-

tor of Erie county, New York, Hon.
John W. Neff, in a recent letter written
at Buffalo, New York, stated: "I was
persuaded by a friend to try a bottle of
your great nerve tonic, Peruna, and the
results were so gratifying that I am
more than pleased to recommend it."

A Spring Tonic.

Almost everybody needs a tonic in the
spring. Something to brace the nerves,
invigorate the brain and cleanse the
blood. That Peruna will do this is be-
yond all question. Everyone who has
tried it has had the same experience as
Mrs. D. W. Timberlake, of Lynchburg,
Va., who, in a recent letter, made use of
the following words: "I always take a
dose of Peruna after business hours, as
it is a great thing for the nerves. There
is no better spring tonic, and I have
used about all of them."

Catarrh in Spring.

The spring is the best time to treat
catarrh. Nature renews herself every
spring. The system is rejuvenated by
spring weather. This renders medicines
more effective. A short course of Pe-
runa, assisted by the balmy air of spring,
will cure old, stubborn cases of catarrh
that have resisted treatment for years.
Everybody should have a copy of Dr.
Hartman's latest book on catarrh. Ad-
dress The Peruna Medicine Co., Colum-
bus, Ohio.

Mrs. Lulu Larmer, Stoughton, Wis.,
says:

"For two years I suffered with nerv-
ous trouble and stomach disorders
until it seemed that there was nothing
to me but a bundle of nerves. I was
very irritable, could not sleep, re-
sult for compare myself, and was a
certainly unfit to take care of a
household. I took nerve tonics and pills
without benefit. When I began taking
Peruna I grew steadily better, my nerves
grew stronger, my rest was no longer fit-
ful, and today I consider myself in per-
fect health and strength. My recovery
was slow but sure, but I persevered and
was rewarded by perfect health."—Mrs.
Lulu Larmer.

If you do not derive prompt and sat-
isfactory results from the use of Peruna,
write at once to Dr. Hartman, giving a
full statement of your case and he will
be pleased to give you his valuable ad-
vice gratis.

STRUCK CHURCH

Lightning Hits Edifice Before
Rivers-Bush Wedding.

Did No Harm and Cured the Section of
His Rheumatism.

The Paducahans who attended the
Rivers-Bush wedding at Smithland,
Ky., yesterday afternoon state that
there is one man in Smithland who
has found a sure cure for rheumatism.
He is now hoping that it is perma-
nent.

Yesterday afternoon early, while
the Methodist church was being
cleaned and prepared for the wedding
to take place later in the day, the
storm came up.

There was no one in the building
except Jerry Marker, the aged sexton,
who has long been crippled by rheu-
matism. The thunderbolt hit the
building, there was a crash and a
blinding, stunning flash, Jerry took
up his legs and not only walked, but
ran.

In his flight for the exterior he
turned over several benches, but in
the course of time returned and found
that other than a scorching, the build-
ing had not suffered.

The old man was really quite spry
after the thunderbolt. He said to Dr.
P. H. Stewart, who asked how it
made him feel:

"Not de bee in de worl', sah, but
hit uz pow'ful unlimb'in tow dese old
rheumatic laigs."

tention to the proper cleansing of the

It has been proved to us beyond the shadow of a doubt that Foerg's
Remedy will cure Specific Blood Poison—the king of all blood dis-
eases. Therefore, why fool with anything but this wonderful remedy
if you have any of the mild forms of poisoned blood (such as Scrofula,
Eruptions, Pimples, Catarrh, Rheumatism, Salt Rheum or Eczema)

..FOERG'S REMEDY.. IS A SAFE REMEDY,

Containing no mercury or other injurious
substances; it is an entirely vegetable
product and is composed of some of the
best and latest drugs known to science.
Because of their expensive and rare
nature, they are very seldom used by the
practicing physician.
The formula from which Foerg's Remedy
is made is the result of many years of
study and practice of an eminent physi-
cian, who found it wonderfully successful.
If you are a victim of specific blood
poisoning, scrofula, or any other form of
impure blood poisoning, your future hap-
piness depends upon whether you recog-
nize in our claims for Foerg's Remedy the
ring of truth and sincerity which inspire
them, and also whether—recognizing these
qualities in our statements—you are will-
ing to give Foerg's Remedy a fair chance
to relieve your present suffering, and by
cleansing your system of the foul disease
which now oppresses it, grant you a new
lease of manhood or womanhood.
Remember, also, if you have been a
victim of mercury or other mineral poisons,
your cure is not one with less danger.
More than ever do you need the whole-
some, active, purging power of Foerg's
Remedy to rid your veins of this most
baneful drug.

PAINE'S CELERY COMPOUND

"Cincinnati, Feb. 6th, 1904.—I have gained in weight since I began taking Paine's Celery Compound. It gives me strength and vitality, makes me eat well and sleep well and keeps the nerve system in good condition. Since I began its use I have been stronger and healthier than I have been in years."—Charles Timberlake, Court of Magistrate Duane.

INTERESTING DEBATE.

The Epworth League of the Broadway Methodist church, had a Russo-Japan evening at the church last night. It proved quite interesting. A debate from the topic, "Resolved that the triumph of the Japanese arms would be a greater aid to civilization than if the Russians were successful" was given. Dr. Vernon Hylton and Attorney Alben Barkley represented the affirmative and Prof. Sage and Mr. Wilson the negative side. The affirmative side won, but some excellent arguments were presented on both sides.

STRAIGHTWAY

ACROSS THE STREET HE FOUND.

A Kentuckian says: "Coffee affected my stomach and nerves so when I drank it I would swell and bloat at the stomach so bad I would almost smother and I often felt if I couldn't belch off the gas after drinking coffee, it would kill me."

"One day I was out at a little village near my home and was telling a neighbor how bad coffee was serving me when he said 'That's just the way coffee affected my wife until she quit it and began using Postum but now she has not been troubled in that way since she drank the first cup of Postum.'"

"I did not waste many minutes but walked right across the street to a general store and asked the merchant if he kept Postum. He did, so I bought a package and brought it home and began using it and I must say it has done me so much good my stomach is almost entirely well, although I have only used two packages so far, and I feel sure another two packages will completely cure me; you can be sure I intend to stick close to such a good friend."

"Here are the names of a number of good citizens and responsible persons who use Postum all the time. They say they would not do without it." Name given by Postum Co., Battle Creek, Mich.

Ten days trial of Postum in place of coffee works wonders, for when the coffee poisons are removed a strong rebuilding element is put to work and good results are not slow to follow. There's a reason.

In Memoriam of Mrs. May Paxton Puryear

It has been written, "Blessed are the dead whom the rain falls on." And as if in sympathy with the sorrowing hearts the rain fell gently, softly on the sweet flowers that covered the dear one as she was tenderly carried, by her friends, for the last time, into the church she loved so well. Just one short year since a happy young woman, with a heart full of bright hopes for the future, stood before her good pastor, and "thrice blessed was the bride whom the sun shone on," as she left her home for a short time, after she had been given the sacred name, wife. A year of happiness, when the light of life suddenly goes out, and her "sun has set while yet it is day." We cannot question these mysteries, dare not doubt the wisdom of God, and some day "When the angels have lifted the veil," we will know and understand why we have been so sorely stricken.

It is so comforting to have the flowers, God's great, silent teachers of beauty and purity, to hide the ungloriously clay that covers the body of our dear one. To know that she is not there, in the quiet grave, that is only the vestibule through which we must pass going from our homes on earth to that in the "Bright Beyond," only a passage through the "valley of shadows." To those who are left in the saddened home, we can say with good Father Jansen, "Be ye ready, for we know not when the hour may come" when we may be called to cross the river with the ferryman who brings no tidings back to those who are left, for a while, on the desolate shore. When our summons shall come may it be said of us, as of her, that our watchword was Duty. Cover her narrow home with the beautiful flowers, offerings of love from friends of the dear dead, make bright her resting place here for while we sit sorrowing, she is singing glad Hallelujahs with the Choir Triumphant, at the feet of Jesus, near the Great White Throne.

GUNBOATS
COMING

The Nashville and Others to be
at Cairo Soon.

They Are to Go From Florida to
the St. Louis Exposition
Soon.

PADUCAH MAY GET A VISIT

The government has ordered the gunboat Nashville and several torpedo boats to the St. Louis exposition, and as they will come up the Mississippi river and pass Cairo, Ill., it is possible Paducah may induce the authorities to have them sent this far up the Ohio, as she did the Arkansas, if prompt steps are taken.

The boats will leave Pensacola, Florida, about the first of April, and will not have to be in St. Louis until the opening of the world's fair, thus giving them a month in which to come up the Mississippi, and into the Ohio if the government sees fit to allow it.

Captain John Hubbard is in command of the Nashville. The latter gunboat was in St. Louis in 1890, and many people went from Paducah to Cairo to see her. As she and her torpedo companions would be an unusual sight to the people in this section and bring large crowds to Paducah, it is probable that the effort will be made to get them here.

Theatrical Notes.

"Eight Belles" will be presented at The Kentucky Friday, March 25. There is no villain in Byrne Brothers' rejuvenated "Eight Belles" but there is plenty of fun, trick scenery, good music and clever specialties. The piece has been seen here so often that little need be said in praise of its many excellent features. All the former successes in the way of trick effects are retained and many new things added. It still presents the great revolving ship scene, the trick wagon, the hustling octopus, the weird trunk, doors and chairs, and numerous new features. Incidentally a number of pleasing specialties are introduced. No one can help but admire the fine acrobatic work of the John Byrne troupe of acrobats. Seats go on sale Thursday, March 24, 10 a. m.

Mr. Maurice Freeman, the young romantic actor, will be the attraction at The Kentucky on Saturday, March 26, supported by his own company in William L. Roberts' latest New York success, "At Valley Forge." A complete scenic production is carried by this organization. The scene is laid near Philadelphia during the closing days of the war for independence, and Yorktown. The plot is strong and well sustained, to which is added the charms of a setting of the revolutionary period and the picturesque garb of the time. Matinee Saturday afternoon. Seats go on sale Friday 10 a. m.

Next Monday night The Glick & Bunman National Stock Co. will open a week's engagement at the Kentucky, presenting as an opening play the great sensational comedy drama "Falsely Accused." The press of the southern cities credits this popular company as being one of the very best that ever toured the south.

The Gentleman From Indiana

By BOOTH TARKINGTON

Copyright, 1899, by Doubleday & McClure Co.
Copyright, 1902, by McClure, Phillips & Co.

When he said "my dear," Harkless spoke to the horses.

"Well," said the judge, still holding the little hand, "You'll make a great flower some day; don't fret. You're already a very beautiful one." Then he bent his white head and kissed her gently.

"Good afternoon, Judge," said John. The whip cracked, and the buckboard dashed off in a cloud of dust.

"Every once in awhile, Harkless," the old fellow called after them, "you must remember to look at the team."

The enormous white tent was filled with a hazy, yellow light, the warm, dusty, mellow light that thrills the re-creating heart because it is found nowhere else in the world except in the tents of a circus, the canvas filtered sunshine and sawdust atmosphere of show day.

Here swayed a myriad of palm leaf fans; here paraded blushing youth and rosy maiden more reluctantly arm in arm than ever; here erupted the octogenarian, Mr. Badger, shaking on cane and the shoulder of posterity; here waddled Mr. Snoddy, who had hurried through the animal tent for fear of meeting the elephant; here marched sturdy yeomen and stout wives; here came William Todd and his true love, the good William Insued with the embarrassments of love, but looking out warily with the white of his eye for Mr. Martin and determined not to sit within a hundred yards of him; here rolled in the orbit of habit the town bookman, Mr. Wilkerson, who politely answered in kind all the incoherent raptures and gurgling ejaculations of jungle and fawn that came from the animal tent—in brief, here came with lightest heart the population of Carlow and part of Amos.

He had found a true word; it was a big family. Jim Harkless, broadly smiling and rejuvenated, shorn of depression, paused in front of the "reserve" seats, with Mrs. Harkless on his arm, and called loudly to a gentleman on a tier about the level of Jim's head: "How are ye? I reckon we were a little too smart for 'em this morning, huh?" Five or six hundred people, every one within hearing, turned to look at Jim, but the gentleman addressed was engaged in conversation with a lady and did not notice.

"Hi! Hi, there! Say! Mr. Harkless!" followed Jim informally. The people turned to look at Harkless. His attention was arrested, and his cheek grew red.

"What is it?" he asked, a little confused and a good deal annoyed.

"I don't hear what ye say," shouted Jim, putting his hand to his ear.

"What is it?" repeated the young man, "I'll tell that fellow tonight," he added to Alice Wilkerson. "Some one ought to have done it long ago."

"What?"

"I said, What is it?"

"I just wanted to say me and you certainly did fool these here Hoosiers this morning. Hushed them two fellows through the courthouse, and nobody thought to slip round to the other door and head us off. Ha, ha! We were just a little too many for 'em, huh?"

From an upper tier of seats the rusty length of Mr. Martin erected itself joint by joint, like an extension ladder, and he peered down over the gaping faces at the town marshal. "Excuse me," he said sadly to those behind him, but his dry voice penetrated everywhere. "I got up to hear Jim say 'we' again."

Mr. Harkless joined in the laugh against himself and proceeded with his wife to some seats forty or fifty feet distant. When he had settled himself comfortably he shouted over cheerfully to the unhappy editor, "Then shell men got 'in fer you, Mr. Harkless!"

"Huh! that fool shet up yet?" smirked the aged Mr. Harkless indignantly. He was sitting near the young couple, and the expression of his sympathy was distinctly audible to them and many others. "Got no more regards than a brazen cut-throat!" a feller with his sweetheart!

"The both of 'em says they're going to do for ye," bleated Mr. Harkless; "swears they'll ketch their evens with ye."

Mr. Martin rose again. "Don't get scared and leave town, Mr. Harkless!" he called out. "Jim'll protect you."

Vastly to the young man's relief the band began to play and the equestrians and acrobats crept out from the dressing tent for the "grand entrance," and the performance commenced. Through the long summer afternoon it went on—wonders of horsemanship and of horsemanship, hair raising exploits on wires tight and slack, giddy tricks on the high trapeze, feats of leaping and tumbling in the rings, while the tireless musicians blatted inspiringly through it all, only pausing long enough to allow that riotous feller, the clown, to ask the ringmaster what he would do if a young lady came up and kissed him on the street, and to explode his witticisms during short intervals of rest for the athletes.

When it was over, John and Helen found themselves in the midst of a densely packed crowd and separated from Miss Briscoe and Lige. People

were pushing and shoving, and he saw her face grow pale. He realized with a pang of sympathy how helpless he would feel if he were as small as she and at his utmost height could only see big, suffocating backs and huge shoulders pressing down from above. He was keeping them from crowding heavily upon her with all his strength, and a royal feeling of protectiveness came over him. She was so little. And yet, without the remotest hint of hardness, she gave him such a distinct impression of pulse and equilibrium. She seemed so able to meet anything that might come, to understand it—even to laugh at it—so Americanly capable and sure of the event that, in spite of her pale cheek, he could not feel quite so protective as he wished to feel.

The Illinois Central Shops Have
New Master Mechanic.

Mr. T. F. Barton Leaves For Chicago to the Regret of Hundreds of Men.

IS LIKED BY EVERYBODY.

Mr. T. F. Barton master mechanic of the Paducah shops who was lately promoted to the position of Master Mechanic at the Burdick shops will leave tonight with his family for Chicago where he will immediately take charge of the biggest shops on the system. With Mr. Barton goes the regrets of every one of the hundreds of local shop employees.

Mr. Barton has endeared himself to the men, and they all feel that no matter how clever a man may be, he can not fill the place vacated by Mr. Barton. Mr. Barton's quiet but decisive methods of management made him popular with his subordinates and commanded favorable criticism and comments from the higher officials.

He is sincere, just, of gentlemanly demeanor and the kind of man to make one success a stepping stone to another. Mr. Barton's friends are confident that he will rise much higher in railroading, and certainly hope he will. He has established a high standard of excellence in the local shops. No one it is said by the higher officials, could have made a better showing with the facilities at hand, and in railroading more than perhaps any other business results are what count.

Mr. Barton does not go to Chicago unknown, as he was formerly a foreman in the Burdick shops, and is well acquainted in Chicago. Mr. Turnbull, who succeeds him here as master mechanic, has been placed in authority here, the office being turned over to him today.

BRIDGE DAMAGED

MAYFIELD CREEK GETS ON A RAMPAGE AND DESTROYS TRAINS.

Mayfield creek bridge, just beyond Boaz station, was partially washed away yesterday afternoon by the swollen streams and delayed several trains during the afternoon.

A bridge gang was dispatched to the scene immediately and after some little work succeeded in strengthening the bridge sufficiently to enable trains to work over it. The damage will amount to little.

DEATH OF A CHILD.

Rupert Twitchell, the two year old son of Mr. and Mrs. J. M. Twitchell, died this morning at 640 Willy street. The child was born in Hardin county, Ill., and had lived in Paducah two years. He was a nephew of Dr. J. S. Trontman. The burial will take place at Shatterville, Ill.

Prayer meeting services will be held at the First Presbyterian church tonight at 7:30.

Robs You.

Work, Worry, Trouble Waste Your Life Force, and Rob Your Heart.

The best remedy is Dr. Miles' New Heart Cure. This restores to the nerves of the heart the vital strength of which they have been robbed, thus strengthening this vital organ.

By taking Dr. Miles' New Heart Cure before the heart is permanently affected, possible dangerous disease is ward off. Even after the disease is upon you, Dr. Miles' New Heart Cure will yet be nearly sure to effect a permanent cure.

When eminent physicians have been unable to relieve heart trouble, Dr. Miles' New Heart Cure has restored the patient to perfect health.

"I was taken with a very severe pain in and around my heart, accompanied by irregular heart action. I tried two doctors and received no permanent relief. I then commenced taking Dr. Miles' New Heart Cure, which soon cured me, and I have since passed examination for old line life insurance, and was recommended for all I wanted. I have had no return of the symptoms."

For Kidneys, Bladder and Rheumatism

New Discovery by Which All Can Now Easily Cure Themselves at Home—Does Away With Surgical Operations—Positively Cures Bright's Disease and Worst Cases of Rheumatism—Thousands Already Cured—Note Endorsers

TRIAL TREATMENT AND 64 PAGE BOOK FREE

At last there is a scientific way to cure yourself of any kidney, bladder or rheumatic disease in a very short time in your own home and without the expense of doctors, druggists or surgeons. The credit belongs to Dr. Edwin Tunno, a noted French-American physician and scientist who has made a lifelong study of these diseases and is now

"None can say they are incurable until they have tried my discovery. The test is free."

In sole possession of certain ingredients which have all along been needed and without which cures were impossible. The doctor seems justified in his strong statements as the treatment has been thoroughly investigated besides being tried in hospitals, sanitariums, etc., and has been found to be all that is claimed for it. It contains nothing harmful but nevertheless the highest authorities say it will positively cure Bright's disease, diabetes, dropsy, gravel, weak back, stone in the bladder, blooded bladder, frequent desire to urinate, albuminuria, sugar in the urine, pains in the back, legs, sides and over the kidneys, swelling of the feet and ankles, retention of urine, scalding, getting up nights, pain in the bladder, wetting the bed and such rheumatic affections as chronic, muscular or inflammatory rheumatism, sciatica, rheumatic neuralgia, lumbago, gout, etc., which are now known to be due entirely to uric acid poison in the kidney. In short, every form of kidney, bladder or urinary trouble in man, woman or child.

That the ingredients will do all this is the opinion of such authorities as Dr. Wilks, of Guy's Hospital, London; the editors of the United States Dispensary and the American Pharmacopoeia, both official works; Dr. H. C. Wood, member of the National Academy of Science and a long list of others who speak of it in the highest terms. But all this and more is explained in a 64-page illustrated book which sets forth the doctor's original views and goes deeply into the subject of kidney, bladder and rheumatic diseases. He wants you to have this book as well as a trial treatment of his discovery, and you can get them entirely free, without stamps or money, by addressing the Turnock Medical Co., 941 Turnock Building, Chicago, Ill., and as thousands have already been cured there is every reason to believe it will cure you if only you will be thoughtful enough to send for the free trial and book. Write the first spare moment you have and soon you will be cured.

It would seem that any reader so afflicted should write the company at once since no money is involved and the inducements are from such a high and trustworthy source.

REVIVAL POSTPONED.

MR. M. B. WILLIAMS WILL NOT COME TO PADUCAH THIS SPRING.

The revival meeting to have been held by Mr. M. B. Williams of Winfield, Kan., under the auspices of the Young Men's Christian Association, has been indefinitely postponed on account of the fact that there is not a suitable place available at this time for holding the meeting. It is not possible to secure one of the tobacco warehouses on account of this being the tobacco season, and there is no other building large enough to accommodate a union revival service.

Mr. Williams was this morning notified of the postponement. It is likely that he will be secured in the fall for a series of services, although no time has yet been agreed upon for his coming. The fact of the postponement of the meeting will be regretted by many who were looking forward to Mr. Williams' visit, since he is one of the most noted evangelists of the country.

What He Missed.

At some recent races a bookmaker during the afternoon found himself practically penniless, but very daringly laid five to one against a certain horse, at the time having absolutely no funds to pay with if the horse won. The race started and both bookmaker and client watched with breathless excitement. Fortunately for the bookmaker the horse lost by a very short distance; but the man who made the bet, assuming an unconcerned air, said:—"Never mind, I had a good run for my money."

"Yes," replied the bookmaker, with a knowing wink; "but you'd have had a better run for your money if he'd won!"

Mr. T. J. Flournoy, who has been in Atlanta, Ga., looking after a cement mill he owns a large interest in, has returned. It was reported that he intended to remain there and become manager of it, but now Mr. Flournoy says he can't stay away from Paducah.

BANKRUPTCY PETITION.

George Landerdale, a negro brakeman of the I. O. road, filed a petition in bankruptcy this afternoon in the office of U. S. Clerk J. B. Puryear. His liabilities are \$209. He has no assets.

A Joke on the Sultan.

Abdul Hamid, who lives in abject fear of assassination, insists on being told that the king of Serbia died through an unfortunate accident. It would be a joke to kidnap the timid sultan and make him spend a Fourth of July over here.
